

# Metrobus, Crawley (Brighton and Hove), UK

Start of operation	Number of buses	Type of bus	Type of fuel cell
2023	1	Wrightbus Kite Hydroliner	FCmove®-HD (70kW)
2025	53	Wrightbus Kite Hydroliner single deck (42) double decker (11)	FCmove®-HD (70kW)

over 1 Mio miles driven

79 t of hydrogen used

## Challenges and Lessons Learned

- HSE-challenge: Crawley has a 5-tonne facility but to keep under hazardous substance restrictions only allowed are 2-tonnes of product on site. Therefore, reducing the availability of operation by hydrogen vehicles
- New product developments are always coming with some challenges

## Best practices

- JIVE/JIVE 2 has played a key part in learning and understanding hydrogen operation across Europe
- Keeping open communication between operator and supplier formed a stronger working relationship
- support from vehicle manufacturer to keep fleet operating
